

8210 SCHOOL YEAR

The Board of Trustees recognizes that the preparation of a school calendar is essential to orderly educational planning and to the efficient operation of the school.

The Board shall determine annually the days when the school will be in session for instructional purposes. The school calendar will provide no fewer than one hundred eighty days of instruction. Days on which school is closed for holidays, teachers' institutes, and inclement weather shall not be considered as days in session.

A school day shall consist of not less than four hours of actual instruction. A half-day class shall be considered the equivalent of a full day's attendance only if the class is in session for four hours or more, exclusive of recess periods or lunch periods.

The Head of School shall annually prepare and submit to the Board a school calendar no later than May 30. The Board reserves the right to alter the school calendar when such alteration is feasible and serves the best interests of the pupils of this school.
